

Stadler Form Aktiengesellschaft

### **Albert is top of the class with an energy efficiency of 3xA**

**Albert the air dehumidifier is a creation of the designer's studio at Stadler Form. Where damp rooms are a nightmare, that is where Albert feels particularly at home! Albert dehumidifies in a stylish and efficient manner. Albert was presented with awards for both attributes.**

*Zug Switzerland, September 2016,* The idea behind Albert from Stadler Form was to develop a visually appealing, energy-efficient and user-friendly air dehumidifier. In contrast to conventional dehumidifiers, Albert fits harmoniously into a whole variety of living spaces. His purist and elegant design is the work of Swiss designer Matti Walker. This innovative strength convinced not one but two groups of experts. His design won the international red dot design award in 2013. In addition, Albert is the only air dehumidifier in its class in Switzerland to be awarded the energy efficiency rating 3xA\*.

Albert is a beautiful and sophisticated contemporary who helps to ensure a healthy room climate, whether in ground-floor flats or lower-floor basements, in houses by the water, or in laundry rooms. The swing function of the air outlet provides optimum distribution of air and thus specifically supports the dehumidification of large rooms. Albert is characterised by its unique timer. This means that the required switch-on and switch-off time can be selected and thus, for instance, differences in electricity tariffs utilised. Albert can be conveniently moved on invisible rollers from one corner to another. If Albert is too bright in the bedroom, the LEDs can be dimmed in night mode.

Stadler Form markets its products around the globe via selected department stores and specialist retailer: recommended retail price for Albert € 579.- / USD 595.- / CHF 595.-

### Technical Data

- Dehumidification: up to 20 L per day
- Power consumption: max. 320 W
- Room size: up to 70 m<sup>2</sup>
- Tank capacity: 4.6 liter
- 3 speed levels
- Dimensions: 350 x 655 x 252 mm
- Sound level: 33 – 44 dB(A)
- Weight: 15.6 kg
- Night mode with dimmable LEDs, automatic shut-off when tank full, integrated hy-grostat for controlling the desired humidity level, 24h timer, swing mode, permanent drainage with included hose, defrost function

\*To determine the energy efficiency, the University of Lucerne tested the dehumidifying output and the power consumption under three different climate conditions (10°C, 15°C, 20°C at 60% relative air humidity in each case). Albert received the best mark in all three categories: 3xA. This value is unique in the dehumidifier class up to 8 liters per 24 hours at 15°C.

## ABOUT STADLER FORM AKTIENGESELLSCHAFT

Stadler Form Aktiengesellschaft was founded in Zug in September 1998. The company specializes in the development, manufacture and sale of household appliances with a focus on improving indoor air quality (air purifiers, humidifiers, fans, heaters, dehumidifiers, aroma diffusers). The product development emphasis is on timeless design in combination with high-end technology. The initiator and founder of the company is Martin Stadler, who attracted a lot of attention and achieved great success in 1998 with the first product, "FRED the humidifier". Stadler Form designs and develops the appliances in Switzerland in collaboration with Swiss Designers, such as Mathias Walker (Matti), Carlo Borer, Kurt Zimmerli, Fabian Zimmerli and Bernhard I Burkard. Stadler Form products have already been internationally recognized with several design awards. The company exports its products to more than 48 countries around the world and has become a leading supplier in the field of air treatment.

## PRODUCTS TO DATE
