

Stadler Form Aktiengesellschaft

The Stadler Form humidifier family has a new member: Anton – the tasteful humidifier!

Zug Switzerland, September 2016, Meet Anton, the latest arrival in the Stadler Form family. He may be small, but he gives a great performance! At just 26 cm tall, room sizes of up to 25 m² are still a breeze for him. As an ultrasonic humidifier in highly resistant material, Anton can even distribute your favourite fragrance to perfection in the room. This makes him an excellent companion in bedrooms or offices. To ensure that Anton leaves no traces behind, he is equipped with an antichalk cartridge and an Ionic Silver Cube™, which prevents the growth of bacteria and germs by releasing silver ions. His simple operating buttons are concealed on the underside. Another stylish touch is provided by the LED water level indicator which turns red when the tank is empty. Anton is available in white, black, bronze and lime.

Stadler Form markets its products around the globe via selected department stores and specialist retailer: recommended retail price for Anton € 119.- / USD 129.- / CHF 129.- | www.stadlerform.com
