Charly lifts off!

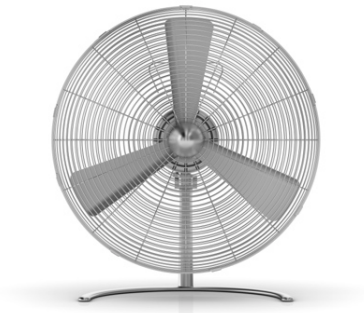

Stadler Form presents the member of its family: Charly! Swiss designer Matti Walker has redesigned Charly and equipped him with additional features.

Zug Switzerland, September 2016, Charly the fan has already achieved cult status. The exceptional wind machine is now equipped with oscillation. Charly thereby distributes the cool air steadily in the room. With a design resembling a jet aircraft turbine and an air-moving performance to match: three aluminium blades allow this fan to shift up to 6'000 m³ of air an hour. But thanks to his rounded, die-cast zinc base, Charly remains firmly anchored on the ground, while his tilt is still adjustable. The air circulation rate can be set to one of three levels.

The cool design of Charly was developed by Stadler Form in collaboration with the Swiss designer Matti Walker. Charly is a tough guy, made exclusively of metal: zinc, aluminium and coated steel. Charly comes in three sizes: Charly little, Charly floor and Charly stand

Stadler Form markets its products around the globe via selected department stores and specialist retailer: recommended retail price for Charly € 149.- / USD 169.- / CHF 159.- (little), € 179.- / USD 199.- / CHF 179.- (floor), € 199.- / USD 229.- / CHF 198.- (stand) | www.stadlerform.com

ABOUT STADLER FORM AKTIENGESELLSCHAFT

Stadler Form Aktiengesellschaft was founded in Zug in September 1998. The company specializes in the development, manufacture and sale of household appliances with a focus on improving indoor air quality (air purifiers, humidifiers, fans, heaters, dehumidifiers, aroma diffusers). The product development emphasis is on timeless design in combination with high-end technology. The initiator and founder of the company is Martin Stadler, who attracted a lot of attention and achieved great success in 1998 with the first product, "FRED the humidifier". Stadler Form designs and develops the appliances in Switzerland in collaboration with Swiss Designers, such as Mathias Walker (Matti), Carlo Borer, Kurt Zimmerli, Fabian Zimmerli and Bernhard I Burkard. Stadler Form products have already been internationally recognized with several design awards. The company exports its products to more than 48 countries around the world and has become a leading supplier in the field of air treatment.
