

Stadler Form®

A seductive fragrance and a play of light

Enjoying a balmy summer evening on the terrace or balcony and letting the day fade away: this is what relaxation looks like. The aroma diffusers from Stadler Form with their deceptively real flames add to the atmosphere and ambience. Combining them with the right essential oil can also help keep mosquitoes at bay.

Sophie & Sophie little

Sophie & Sophie little are aroma diffusers and lanterns in one. The elegant design, the natural bamboo handle and the flame effect make them real summer favourites. Both spread moments of well-being and ensure cosy evenings in and around the house.

Nora

The elegant aroma diffuser Nora made of natural bamboo and high-quality aluminium is the ideal candle replacement for the garden table. Thanks to her rechargeable battery, she can be used for up to 7 hours and is therefore an atmospheric companion for long evenings indoors and outdoors.

Repel

With the essential oil blend Repel, you are well prepared when the mosquitoes become active again. The subtle scent of citronella and eucalyptus helps to keep insects away and guarantees fragrant summer moments.
