Five gift ideas for Christmas

Stadler Form presents stylish aroma diffusers with flame effect

The pre-Christmas season will soon be here and with it the search for the ideal gift begins. With the aroma diffusers from Stadler Form, you don't just give your loved ones a design object, but relaxation and time for themselves – still the most precious of all gifts. Thanks to their innovative technology, Sophie, Sophie little, Ben, Lucy, Zoe and Nora create a unique light and fragrance ambience and thus ensure moments of well-being at home.

Gift idea #1: Sophie & Sophie little, the 2-in-1 aroma diffusers and lanterns

Cosy play of light for indoors and outdoors, and with a fine fragrance to top it all off. Sophie and Sophie little by Stadler Form inspire with their multifunctionality: They are aroma diffuser and lantern in one and can be placed indoors or outdoors. Thanks to their stylish design with a noble bamboo handle, Sophie and Sophie little are real eye-catchers. The amber-coloured Amber Light™ creates an atmospheric play of flames, and the desired fragrance is distributed silently as a fine mist using ultrasound technology.

Gift idea #2: Ben, the 3-in-1 aroma diffuser, humidifier and effect fire

Sit back and breathe deeply: The multifunctional Ben by Stadler Form creates a cosy atmosphere, humidifies the room air and emanates a pleasant fragrance. Even without a fireplace, thanks to Ben you can enjoy a cosy fireside feeling. The amber-coloured Amber Light™ ensures a fire- and soot-free play of flames. The intensity can be regulated from a gentle flame to a fascinating open fire. Thanks to his handy size, Ben can be placed anywhere in the house.
